This is the job opening description you requested. If the job is not suitable to you please forward it to fellow Engineers that may be interested in this position. PADOT-052308-01

**Entry Level Engineer - Allentown, PA
Commonwealth of Pennsylvania
Department of Transportation**

Make A Difference for Pennsylvania! Working for PennDOT gives you a key role improving mobility for the people of Pennsylvania. Take satisfaction knowing that the work you do each day means people can travel when they want and where they want.

Entry Level Engineer Needed!

Civil Engineer Trainees participate in a structured on-the-job training program to develop proficiency in the use of civil engineering knowledge, skills, and abilities.

Depending on the employing agency, training may include introductory assignments in conducting preliminary feasibility studies; analyzing field conditions; or designing and/or constructing roads, bridges, buildings, dams, flood control facilities or similar projects. Some specialized assignments in traffic control, transportation planning, or hydraulics may also be incorporated into the training.

Minimum Requirements: A bachelor's degree in civil engineering, or in a closely related field, which includes or was supplemented by major coursework in civil engineering

OR four years of civil engineering experience, and an Engineer-in-Training certificate issued by or acceptable to the Pennsylvania State Registration Board for Professional Engineers

OR an equivalent combination of experience and training which includes possession of an Engineer-in-Training certificate as issued by or acceptable to the Pennsylvania State Registration Board for Professional Engineers

Annual Salary: \$44,479

Career Opportunity located in Allentown!

- Competitive Salary
- Generous Paid Sick Leave & Paid Vacation
- 11 Paid Holidays per Year
- Good Health Benefit Program, Life Insurance, Retirement Program
- Work-Life Balance
- Opportunity Career Advancement
- Incentives for Engineer-in-Training (EIT) Certificate and Professional Engineer (PE) Licenses

PennDOT
Engineering District 5-0
1002 Hamilton Blvd.
